TATTOO REMOVAL

For tattoos, feel free to send in a photo of the tattoo to our email for a quote!

HOLLYWOOD SPECTRA

We use the newest technology to treat tattoos fast and effectively. The technology is newer than Pico lasers, and uses a nano-acoustic shockwave to blast the tattoo pigment.

XTRAC MEDICAL LASER

Psoriasis | Eczema | Vitiligo

A safe narrow-band UB laser that targets affected area with low level energy to decrease inflammation.

CHEMICAL PEELS

SUPERFICIAL

We use a Glycolic, Salicylic, Jessner, and TCA 10% peel to exfoliate dead skin and bring out the natural glow of the skin.

DEEP

We use a TCA 30% to decrease skin pigmentation, stimulate collagen, and even skin tone.

Consult with a provider first to see which peel is right for you.

MED FACIALS

ACNE FACIAL

A 60-minute customized blend of deep skin cleansing enzyme exfoliation, medical extractions, and hydration.

CALMING FACIAL

A 60-minute facial designed for sensitive and rosacea-prone skin that includes a hydration mask, CBD Nectar application, and oxygen stimulation therapy.

BRIGHTENING FACIAL

A 60-minute facial that fights aging and discoloration - includes microdermabrasion, a brightening enzyme peel, and Kojic treatment.

DIAMOND GLOW

INFUSION FACIAL

A proprietary diamond tip helps to exfoliate dead skin cells and stimulate collagen production while simultaneously infusing customized serums deep into the skin to achieve brightening, anti-acne, and hydrating effects.
